

# CALLING ALL VARS, SOLUTION PROVIDERS, AND AGENTS

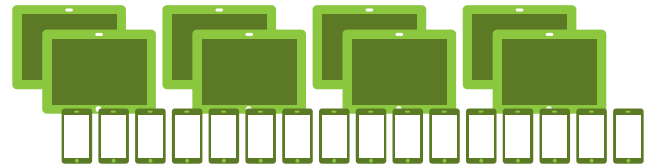

Do you have customers with multiple locations?

Do you have customers receiving multiple carrier invoices who could use some insight on how to interpret what the carrier(s) send them each month?

Do you have customers still fighting through a carrier related billing issue?

Do you have a customer with hundreds, if not thousands of wireless devices?

If you have a customer in mind who falls into one of these scenarios, Juvo Technologies is your answer to their telecom needs.

# JUVO TECHNOLOGIES AGENT PROGRAM

Our agent program differs from other TEM agent programs in the sense that not only do we give our customers the best TEM solution at the best market price, **we grow our agent's carrier sales**. How is Juvo going to do that? With Juvo's proprietary software, you will be integrated into your customer's telecom environment in a truly unique way, giving you:

- Access to all of their inventory & current contracts
- Access to current billing across all carriers; and most importantly...
- An understanding of the pain points and needs related to their day to day operations
- Every order gets sent to you, our agent, so that you can present & provide the best solution
- Not only will you close more carrier sales, you will also earn residual commissions from our monthly management fees

Interested? Give us a call at 888 300 1853 or visit us at [juvotec.com](http://juvotec.com) to learn more about Juvo Technologies.
