REPORTING

# WELCOME TO SIMPLICITY

THE PURPOSE OF THIS DOCUMENT IS TO OFFER JUVO CUSTOMERS AN INITIAL RESOURCE GUIDE FOR AREAS FREQUENTLY USED WITHIN THE SIMPLICITY SOFTWARE APPLICATION. PLEASE NOTE, THIS IS AN EVER-CHANGING PIECE OF SOFTWARE AND SOME OF THE EXACT STEPS DETAILED IN THIS DOCUMENT MAY CHANGE. HOWEVER, THE CORE FUNCTIONALITY WILL REMAIN INTACT. THIS DOCUMENT IS FOR CUSTOMER USE ONLY AND WE ASK THAT IT NOT BE SHARED OR REPLICATED.

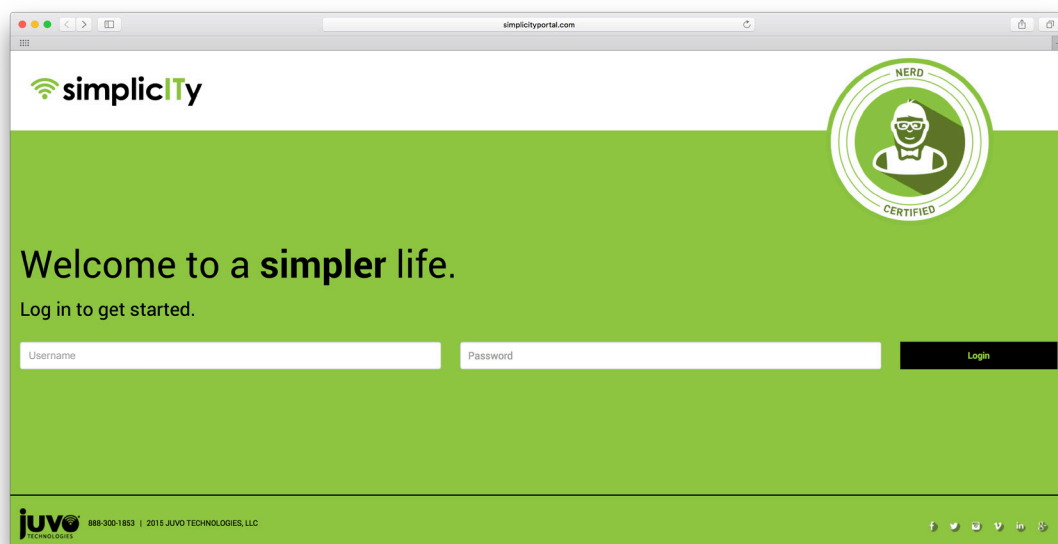

Simplicity has been created with the intent of giving clients greater insight into their telecommunications “footprint” than ever before. From creating service request tickets to creating monthly reports, Simplicity allows clients to interact with their data, inventory, and services in ways that would not otherwise be possible. For some clients, the tool is mainly used to track cost center expenses, for others, it is their preferred method of communicating that they are moving to a new location and need service moved with them. However you choose to use Simplicity, just know that it is but a tool, and that our staff of telecommunications professionals is always here to assist you.

This guide is divided into several sections including tutorial screen shots in addition to explanations of processes. The screenshots offer some examples of end-user interfaces, but again, please know that the exact details of these screen shots may change over time due to enhancements in the software and processes.

## LET’S GET STARTED.

## TO BEGIN

Go to [simplicityportal.com](http://simplicityportal.com) and enter your username and password provided to you by Juvo Technologies.

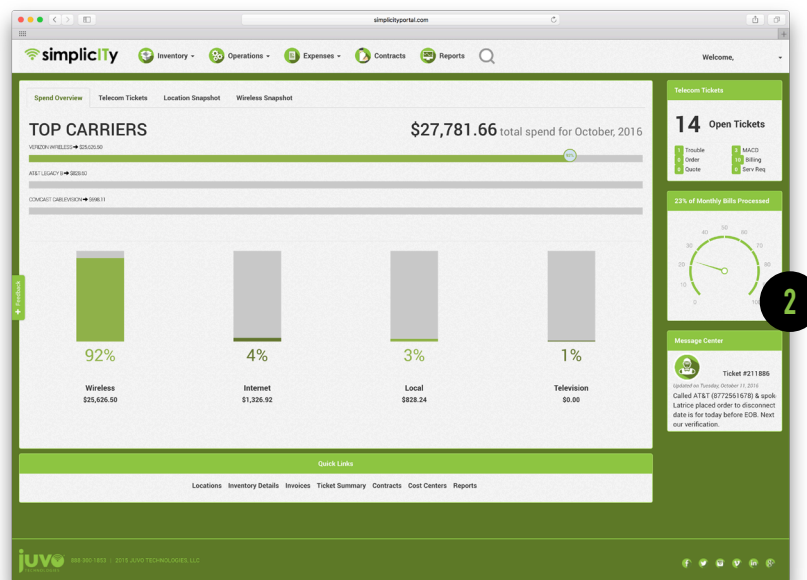

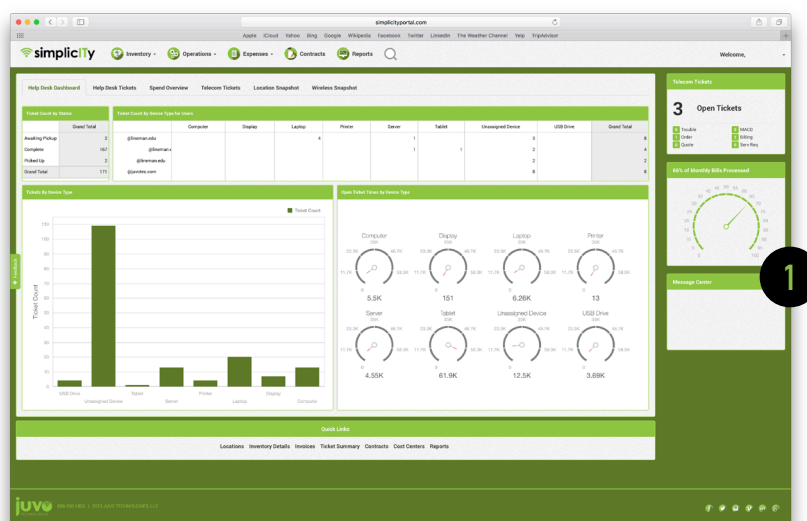

## DASHBOARDS

Once you are logged in, you will be greeted with one of two dashboards, depending on your company's needs.

### 1. Help Desk Dashboard

### 2. Telecom Dashboard

## UNDERSTANDING THE HELP DESK DASHBOARD

This dashboard displays a high-level view of your current help desk issues.

### 1. Ticket Count by Status

Quick overview of what's waiting, what's been done, and what's in progress

### 2. Ticket Count by Device Type for Users

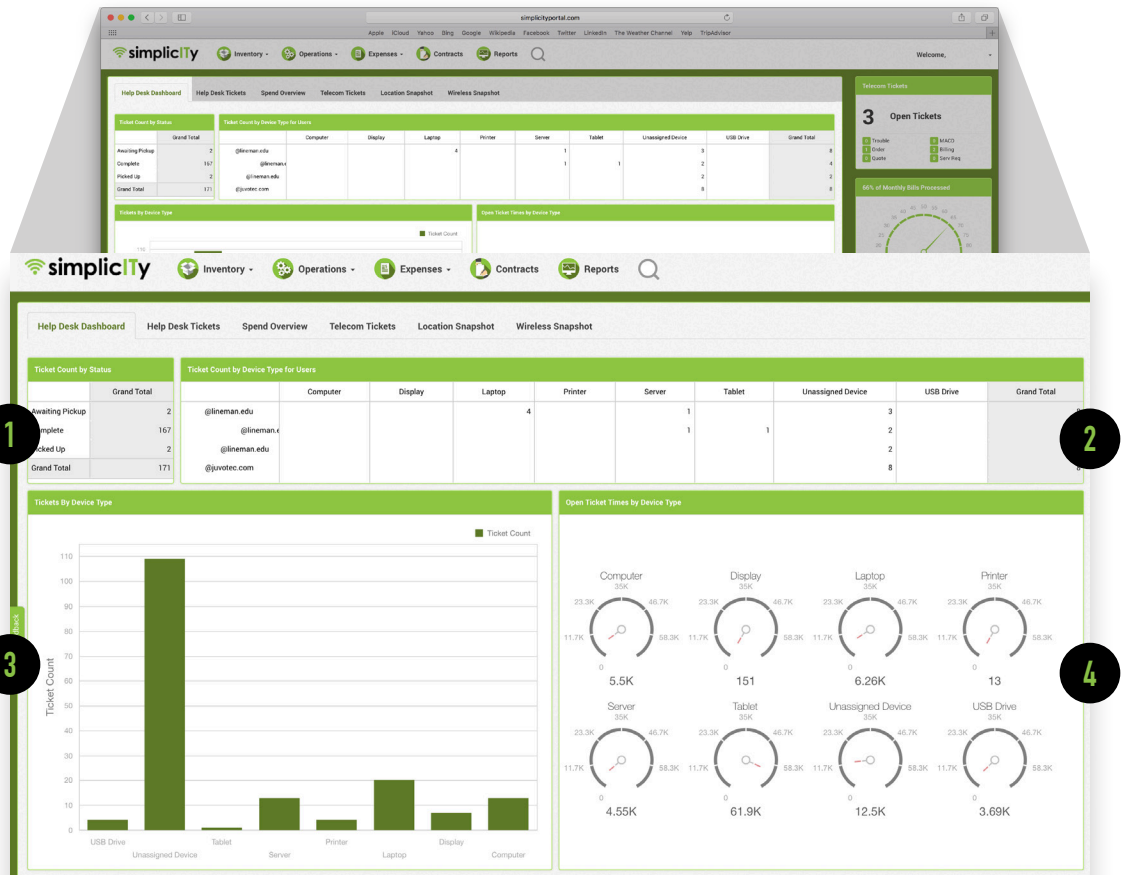

This allows you quickly look at who is working on what

### 3. Tickets by Device Type

A real-time look at what sort of devices your organization is having the most issues with

### 4. Open Ticket Times by Device Type

This provides insight into how long your issues are taking to be resolved

## HELP DESK TICKETS TAB

This tab is an overview of assigned and unassigned help desk tickets.

### 1. Unassigned Tickets

List of tickets awaiting pickup

### 2. Open Tickets Assigned to Me

List of tickets that have been picked up and assigned to support personnel

### 3. Tickets by Search

List of all searchable tickets

The 'Unassigned Tickets' table shows the following data:

Ticket ID	Contact Name	Date Created	Status
100247	@lineman.edu	10/10/2016 02:32:51 PM	Awaiting Pickup
100248	@juvotec.com	06/28/2016 09:31:13 AM	Awaiting Pickup

The 'Open Tickets Assigned to Me' table shows the following data:

Ticket ID	Contact Name	Date Created	Status
100248	@lineman.edu	09/07/2016 10:38:55 AM	Picked Up
100248	@juvotec.com	09/07/2016 10:29:16 AM	Picked Up

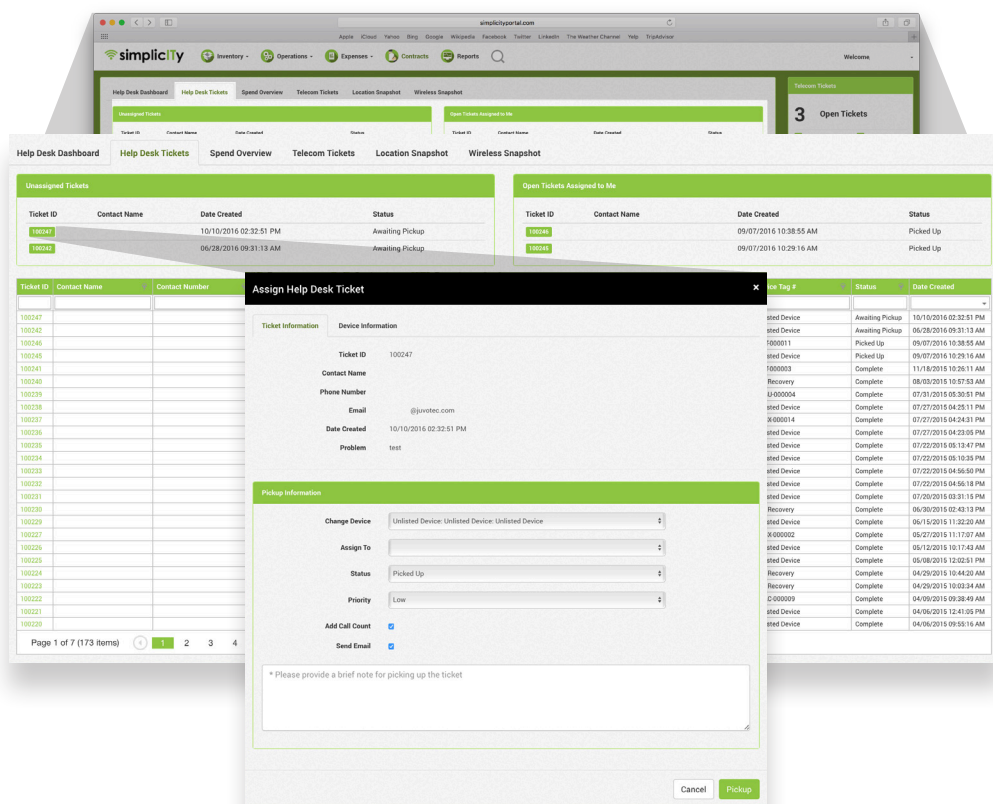

The 'Tickets by Search' table shows the following data:

Ticket ID	Contact Name	Contact Number	Location	Device Type	Device Make	Device Model	Device Desc	Device Tag #	Status	Date Created
100247	@lineman.edu		Campus	Unassigned Device	Unlisted Device	Unlisted Device	Unlisted Device	Unlisted Device	Awaiting Pickup	10/10/2016 02:32:51 PM

## HELP DESK TICKETS TAB

Within this tab, you can also assign tickets to members of your support staff and get information regarding the devices being supported.

## UNDERSTANDING THE TELECOM DASHBOARD

The homepage dashboard displays a high-level view of what is most important to you.

### 1. Ticket Summaries

Quick overview of all tickets

### 2. Percentage of Monthly Bills Processed

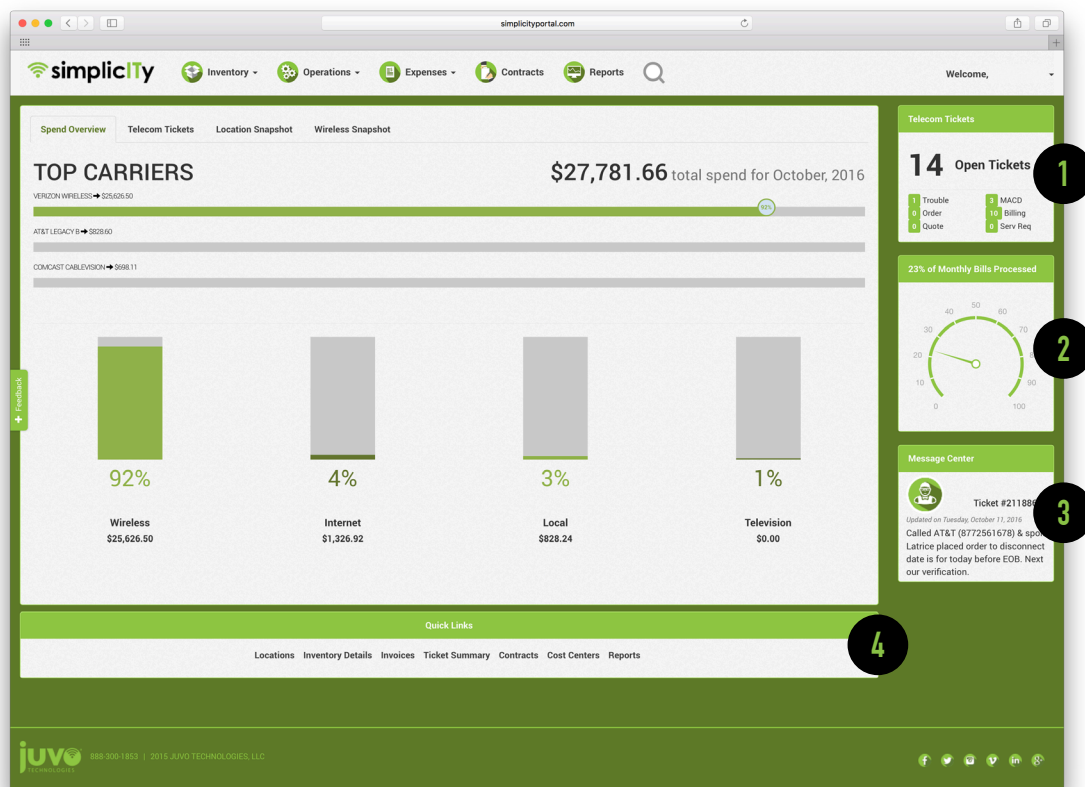

Visual representation of your billing process for the current month

### 3. Message Center

Revolving message center displaying the latest updates from all tickets

### 4. Quick Links

The teleportation device to quickly get to the most used pages in the portal

## SPEND OVERVIEW

Take a closer look at your main window under the Spend Overview tab.

### 1. Spend Overview

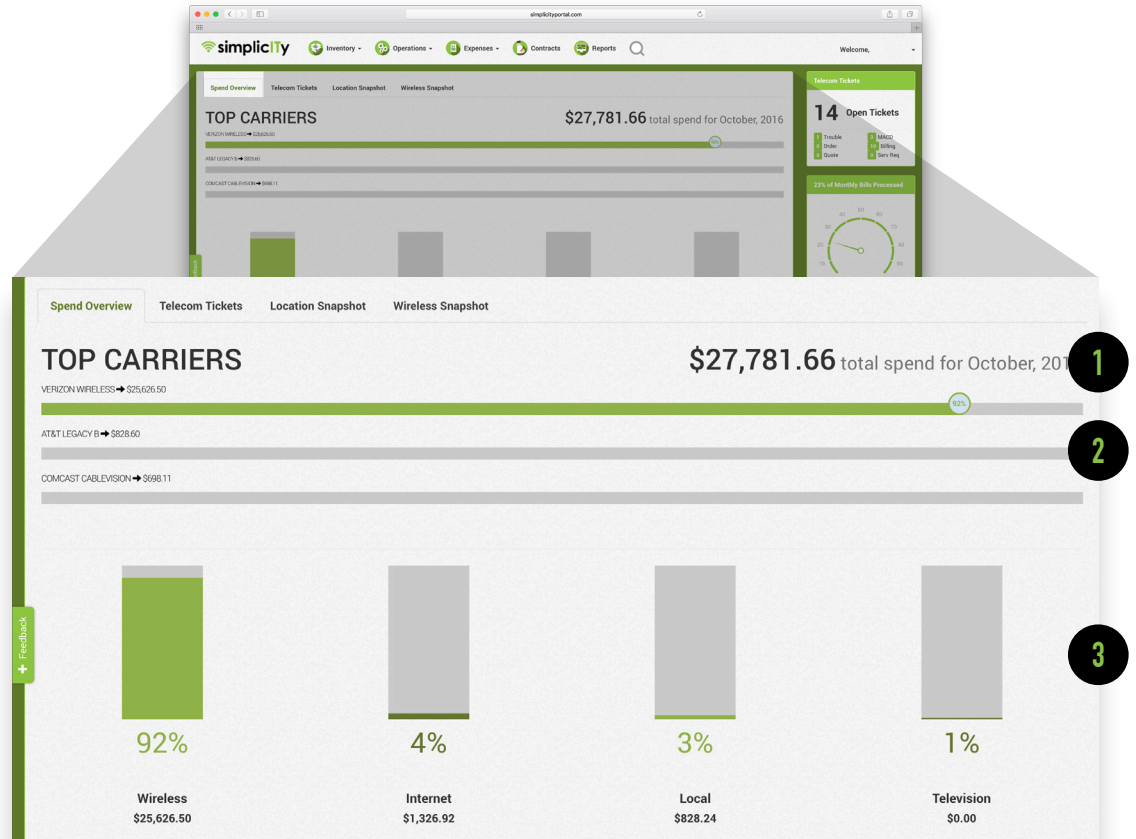

View the total spend for the month

### 2. Top Carriers

Your carriers with the most spend are located here

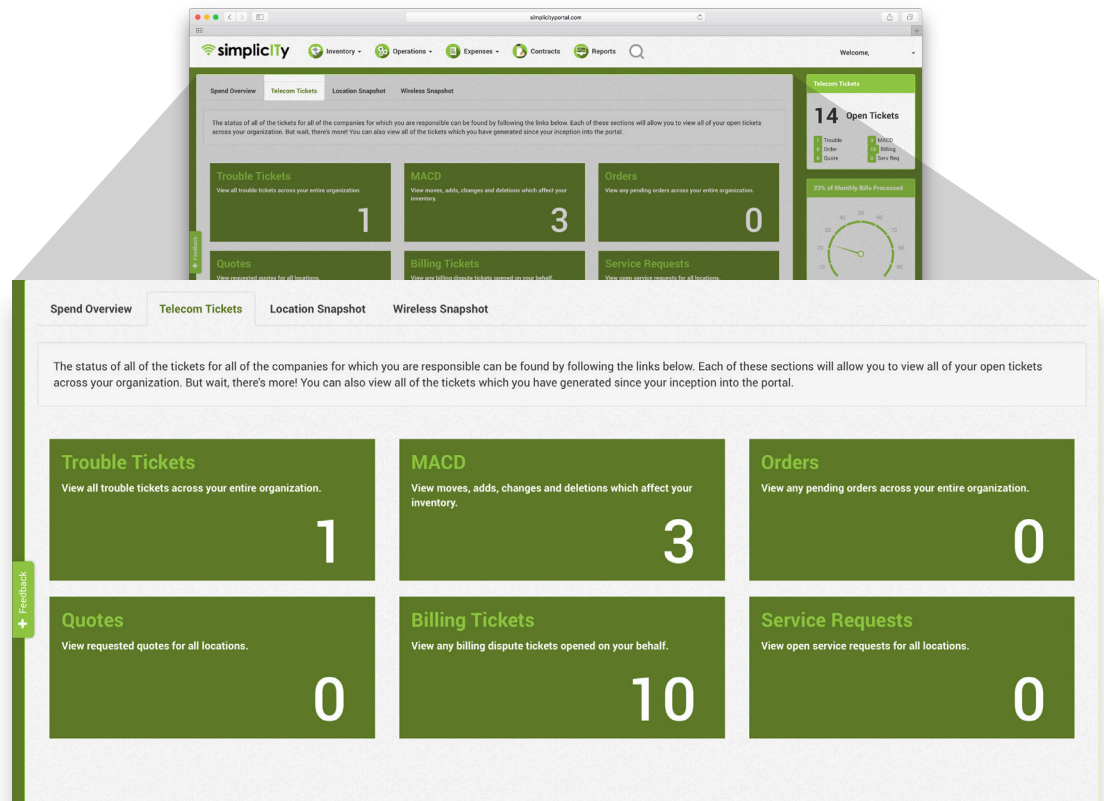

### 3. Service Type Spend

Easily view which service types you are spending most on

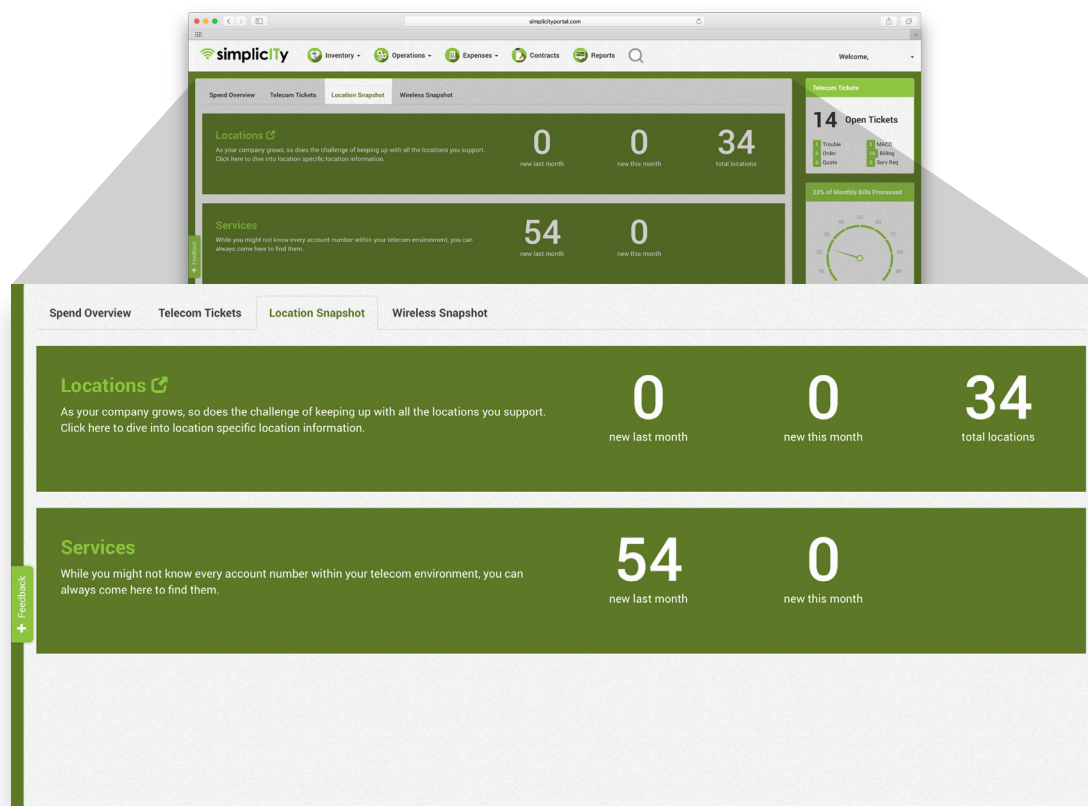

## TELECOM TICKETS

The Telecom Tickets tab allows you to view all tickets at a glance.

## LOCATION SNAPSHOT

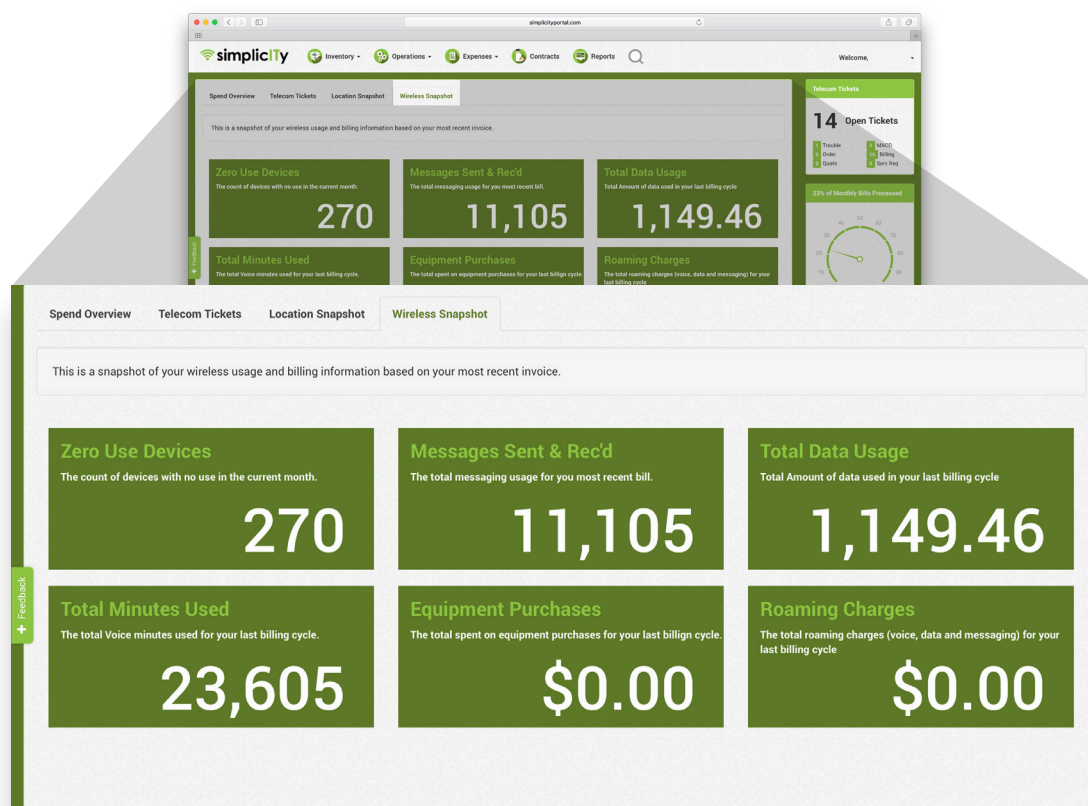

Get a quick overview of this month and the previous month's new and existing locations and services in the Location Snapshot tab. Click on the  Locations icon to dive deeper into the details of your locations.

## WIRELESS SNAPSHOT

The Wireless Snapshot is a quick overview of your wireless usage and billing information based on your most recent invoice. Juvo clients continue to utilize the Zero Use Device Tool in order to keep costs under control.

Zero use devices remain one of our customers most useful pieces of information.

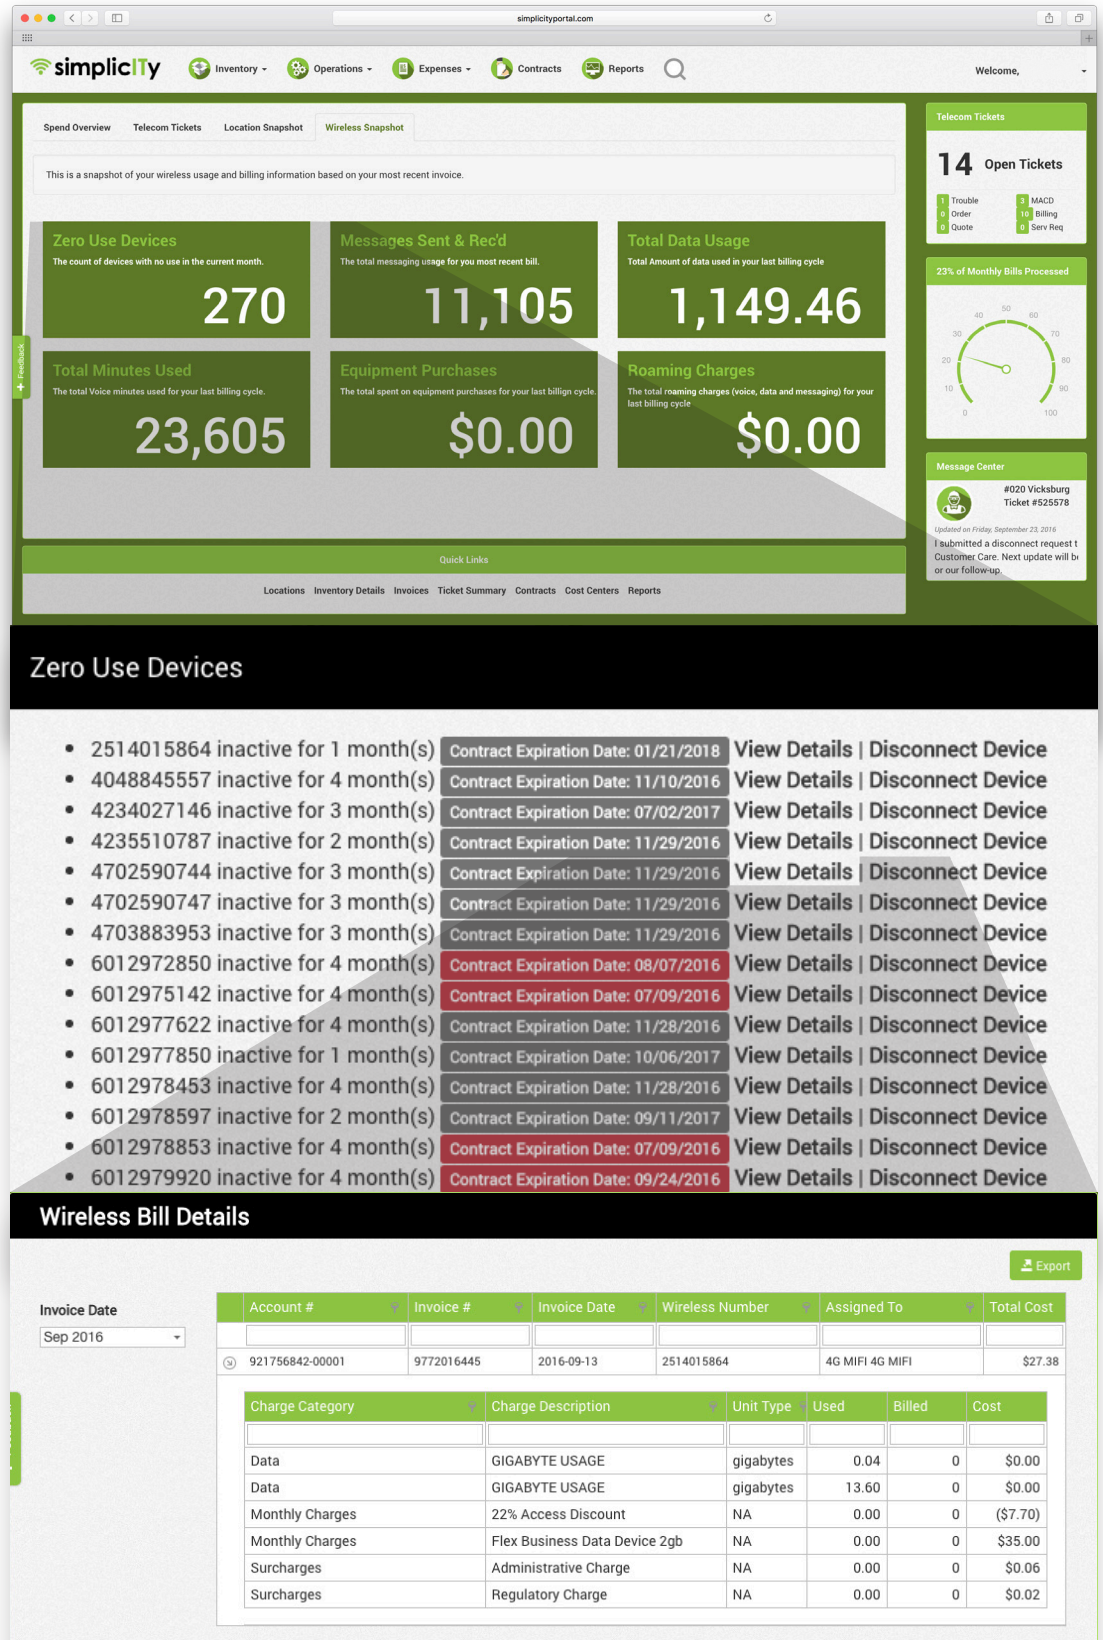

## ZERO USAGE

The Wireless Snapshot is a quick overview of your wireless usage and billing information based on your most recent invoice. Juvo clients continue to utilize the Zero Use Device Tool in order to keep costs under control.

Zero use devices remain one of our customers most useful pieces of information.

The View Details button allows you to see all charges associated with a particular zero use device. These details provide the type of information that is useful in determining whether the device is something that should be disconnected, or should remain a part of your inventory.

## ZERO USAGE

After having done the research in View Details, should you determine the device, in fact, needs to be disconnected, you may submit that request directly to Juvo personnel and we will make it happen on your behalf.

### CHECK THIS OUT

These symbols are here to show you special features in Simplicity.

The screenshot displays the Simplicity portal interface. At the top, there's a navigation bar with links: Inventory, Operations, Expenses, Contracts, and Reports. The main content area is titled 'Wireless Snapshot' and shows a summary of usage statistics:

- Zero Use Devices:** 270 (The count of devices with no use in the current month.)
- Messages Sent & Rec'd:** 11,105 (The total messaging usage for your most recent bill.)
- Total Data Usage:** 1,149.46 (Total Amount of data used in your last billing cycle.)
- Total Minutes Used:** 23,605 (The total Voice minutes used for your last billing cycle.)
- Equipment Purchases:** \$0.00 (The total spent on equipment purchases for your last billing cycle.)
- Roaming Charges:** \$0.00 (The total roaming charges (voice, data and messaging) for your last billing cycle.)

On the right side, there's a 'Telecom Tickets' section showing 14 Open Tickets, with a breakdown of Trouble Order Counts, MACD Pending, and New Req. Below this is a '23% of Monthly Bills Processed' gauge and a 'Message Center' section.

The 'Zero Use Devices' section lists a table of inactive devices with their contract expiration dates and links to 'View Details' and 'Disconnect Device'.

Device ID	Inactivity Period	Contract Expiration Date	Actions
2514015864	inactive for 1 month(s)	01/21/2018	<a href="#">View Details</a>   <a href="#">Disconnect Device</a>
4048845557	inactive for 4 month(s)	11/10/2016	<a href="#">View Details</a>   <a href="#">Disconnect Device</a>
4234027146	inactive for 3 month(s)	07/02/2017	<a href="#">View Details</a>   <a href="#">Disconnect Device</a>
4235510787	inactive for 2 month(s)	11/29/2016	<a href="#">View Details</a>   <a href="#">Disconnect Device</a>
4702590744	inactive for 3 month(s)	11/29/2016	<a href="#">View Details</a>   <a href="#">Disconnect Device</a>
4702590747	inactive for 3 month(s)	11/29/2016	<a href="#">View Details</a>   <a href="#">Disconnect Device</a>
4703883953	inactive for 3 month(s)	11/29/2016	<a href="#">View Details</a>   <a href="#">Disconnect Device</a>
6012972850	inactive for 4 month(s)	08/07/2016	<a href="#">View Details</a>   <a href="#">Disconnect Device</a>
6012975142	inactive for 4 month(s)	07/09/2016	<a href="#">View Details</a>   <a href="#">Disconnect Device</a>
6012977622	inactive for 4 month(s)	11/28/2016	<a href="#">View Details</a>   <a href="#">Disconnect Device</a>
6012977850	inactive for 1 month(s)	10/06/2017	<a href="#">View Details</a>   <a href="#">Disconnect Device</a>

A 'Service Request' modal is open, prompting the user to provide details for a request. The form includes fields for Name, Email Address, Contact #, and Attachment. Below these fields is a section for 'Details' where the user can provide specific information for disconnecting a device:

Please disconnect this device with the following information:

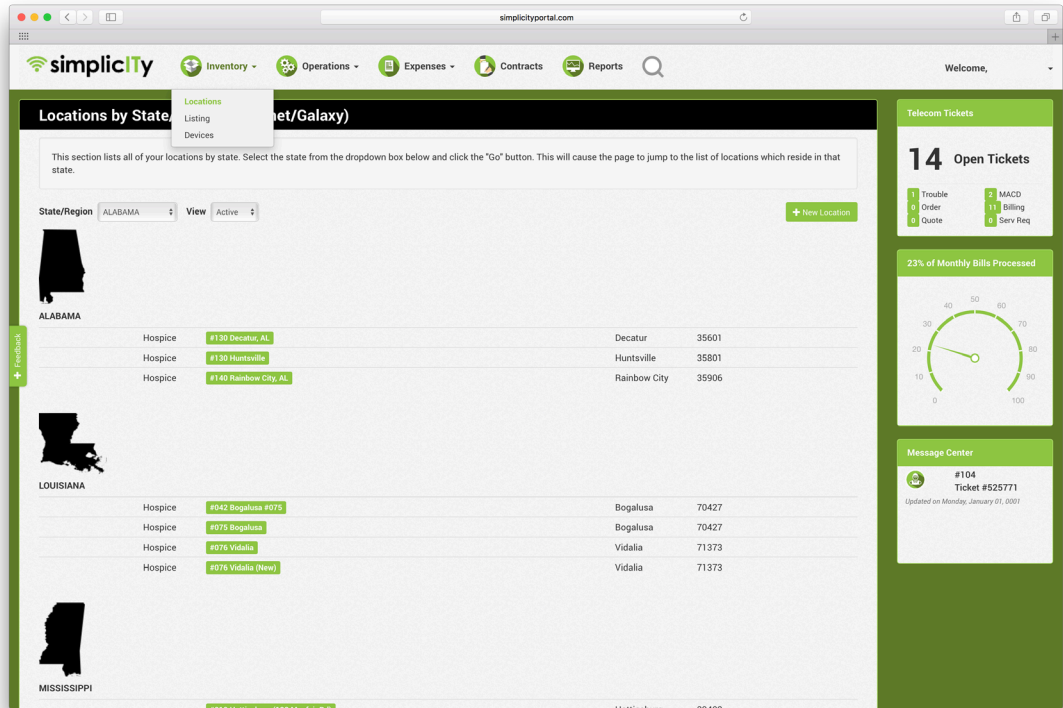

- Wireless Number:
- Vendor:
- Device Make:
- Device Model:
- Plan:

The modal also includes a 'Close' button and a 'Submit' button.

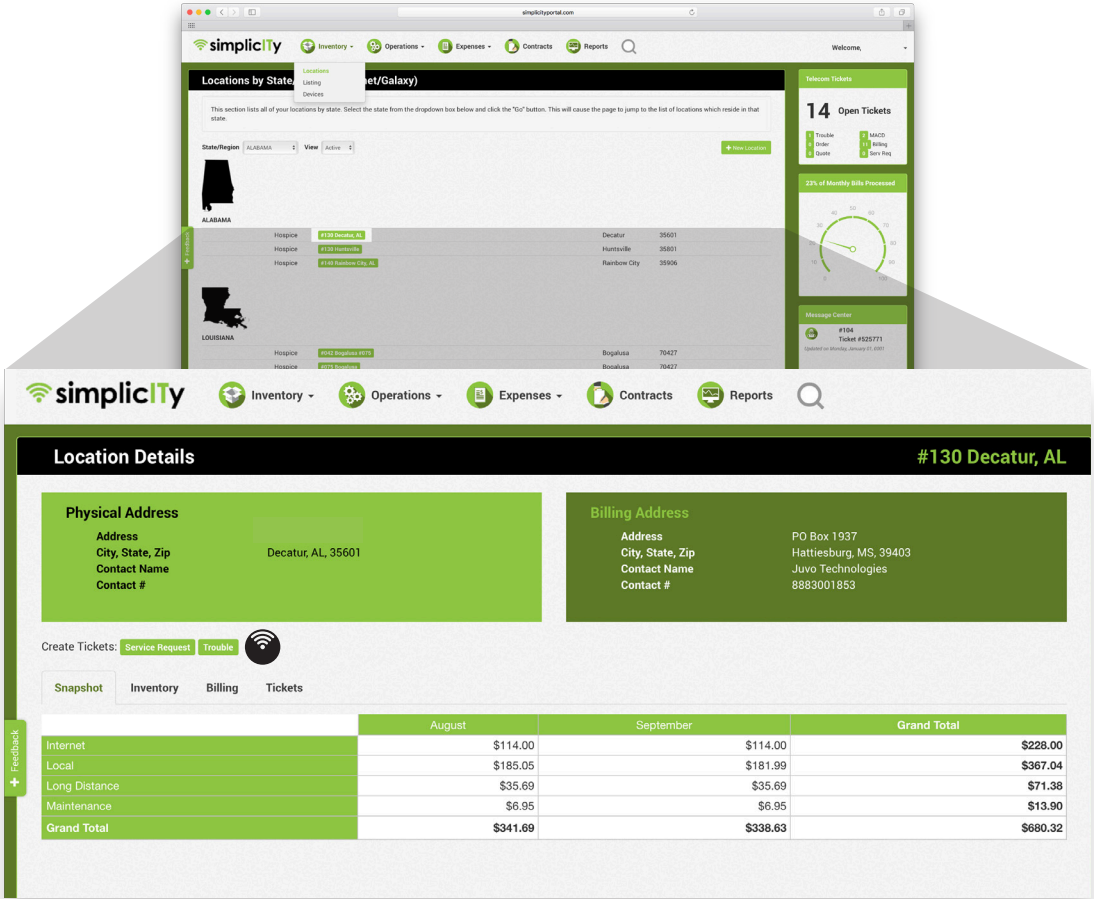

# INVENTORY: LOCATIONS

To view your Locations by state, click on the Inventory button in the menu bar and select Locations. From here, you are able to add a new location, or click on the location to learn more.

# LOCATION DETAILS

Selecting a specific location allows you to view the physical address and billing address of the chosen location, as well as details about spending.

## CREATE SERVICE REQUEST & TROUBLE TICKET

You can create a service request or trouble ticket here, or under Operations: Trouble.

## LOCATION DETAILS

Selecting the location address allows you to see deeper into your location details with the Snapshot, Inventory, Billing, and Tickets tabs.

### 1. Snapshot

View the total spend for the month at a specific chosen location

### 2. Inventory

View the current inventory details at the location

### 3. Billing

View billing details at chosen location

### 4. Tickets

Easily view all existing tickets for location

The screenshot displays the simplicityIT portal interface for location details. The top navigation bar includes links for Inventory, Operations, Expenses, Contracts, and Reports. The main content area is titled "Location Details" for "#130 Decatur, AL".

**Snapshot Tab:** This tab shows a table of monthly spend for August and September, with a Grand Total of \$680.32.

	August	September	Grand Total
Internet	\$114.00	\$114.00	\$228.00
Local	\$185.05	\$181.99	\$367.04
Long Distance	\$35.69	\$35.69	\$71.38
Maintenance	\$6.95	\$6.95	\$13.90
<b>Grand Total</b>	<b>\$341.69</b>	<b>\$338.63</b>	<b>\$680.32</b>

**Inventory Tab:** This tab shows a table of service numbers and usage.

Service Number	Usage	Carrier	Account Number	Billing Number	Circuit Type	Notes
2563069600	Local	AT&T Legacy B			Business Line	Remote Access to Call-Forward.

**Billing Tab:** This tab shows a table of carrier, account number, and billing number.

Carrier	Account Number	Billing Number	Service Type	Charge Code	Service Number	Billing Period	Amount
No data to display							

**Tickets Tab:** This tab shows a table of ticket ID, type, status, carrier, created date, alarm, and description.

Ticket ID	Ticket Type	Status	Carrier	Created	Alarm	Description
525770	Billing	Awaiting pickup	TBD	10/11/2016 09:01 AM	11/11/2016 04:00 PM	Reference MACD 211851. This ticket is to monitor stop billing of the lines should stop billing on 10/6/2016.
211851	MACD	CLOSED	AT&T Legacy B	10/04/2016 01:40 PM	10/11/2016 09:02 AM	Received a request from Mitch to disconnect the following two lines at this location:
522493	Billing	CLOSED	TBD	08/23/2015 11:20 PM	09/23/2015 05:20 PM	MISSING INVOICE: It has been more than one month since the previous invoice for Provider [AT&T] with Account Number was entered. Previous Invoice was Entered On [07/20/2015]
117159	Trouble	CLOSED	Charter Communications	03/06/2015 01:16 PM	03/09/2015 02:23 PM	Received a call from Justin. He said that this location's internet is down.
117097	Trouble	CLOSED	AT&T Legacy B	02/27/2015 03:22 PM	02/27/2015 09:35 PM	Per Gage, site is unable to forward calls when pressing *72
116992	Trouble	CLOSED	AT&T Legacy B	02/18/2015 02:10 PM	02/19/2015 07:10 PM	Received a call from Lindsay in IT. This location is unable to get calls on. The line is ringing no answer after trying to unforward the phone today. Calling AT&T
209839	MACD	CLOSED	AT&T Legacy B	02/18/2015 08:56 AM	02/18/2015 06:40 PM	Per Lindsay forwarded to need to have line. Line has remote access to call-forwarding. Access number

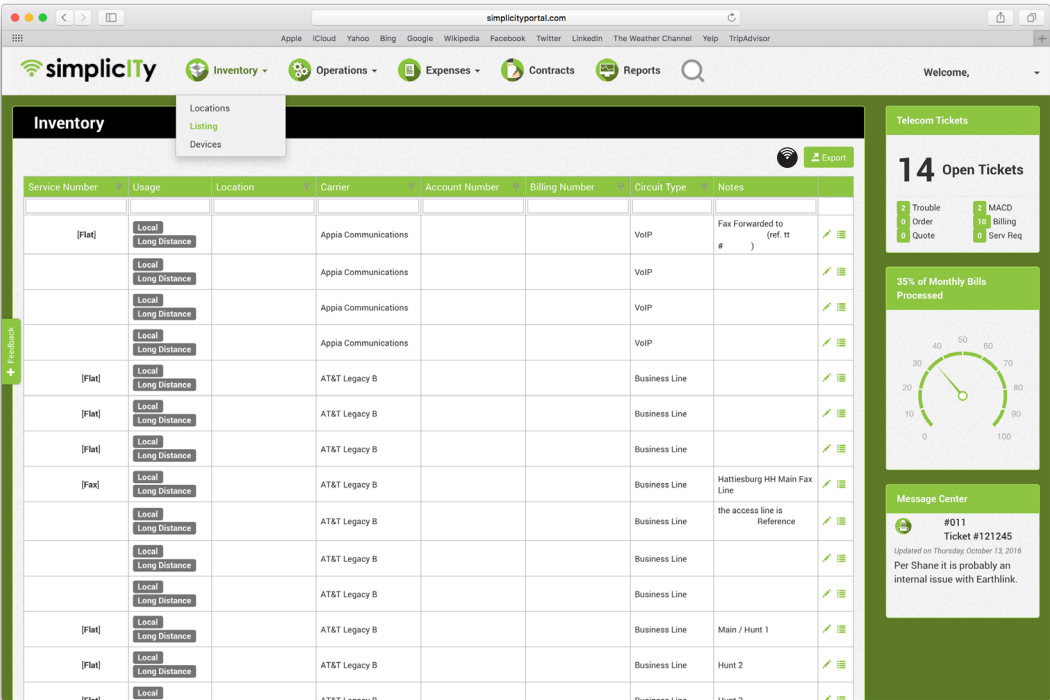

INVENTORY: LISTING

To view your Inventory in a more linear fashion, click on the Inventory button and select Listings.

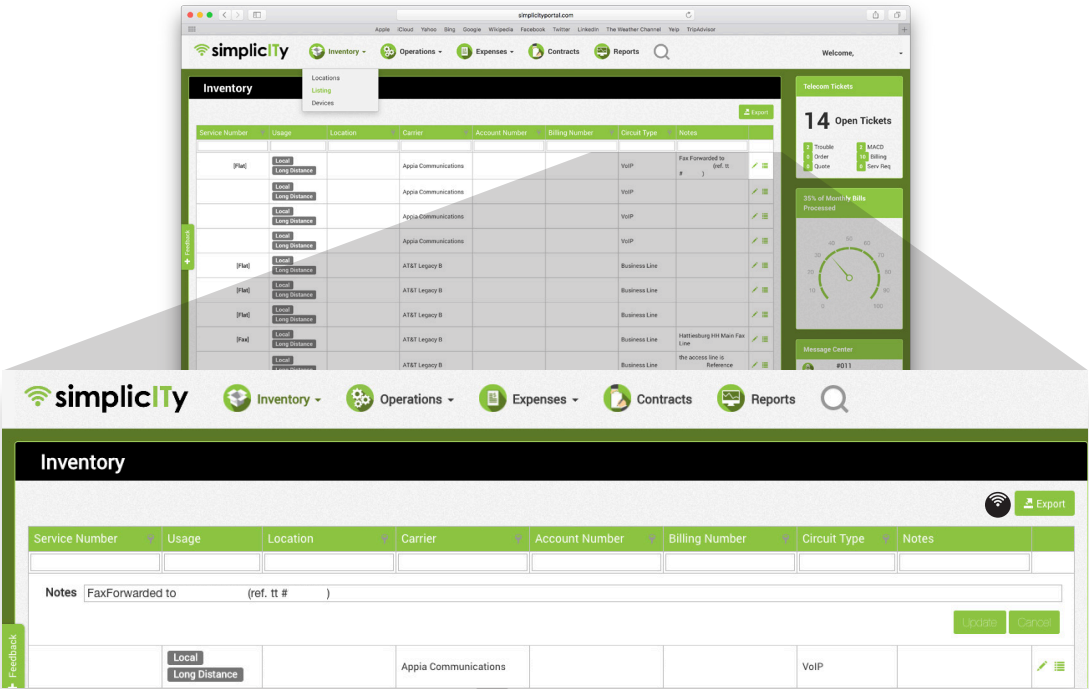

EXPORT

Exporting data with the export button located in the top right corner of your selected window. Export as Word, PDF, CSV, and more.

INVENTORY: LISTING/  
EDITING AND NOTES

Once you select Listing, you are able to make notes or edit. Adding notes is helpful to be able to easily identify what the exact purpose of the inventory is. For example, when trouble occurs, it's great to be able to identify a line as a fax, as a security system, or even an elevator.

## INVENTORY: DEVICES/ ASSETS

This functionality exists for those clients who manage assets such as laptops and printers within Juvo's platform. You can assign devices, track serial numbers, and monitor equipment status.

The screenshot shows the 'Device Management' section of the simplicityportal.com interface. A dropdown menu is open, showing 'Locations' and 'Devices'. The 'Wireless Devices' tab is selected, displaying a table of devices. The table has columns for Actions, Make, Model, Description, Serial #, Tag #, Service Tag, Type, Assigned To, Location, and Status. The table lists various devices including HP, Dell, Apple, and Lenovo, with their respective details and status (Good, New).

Actions	Make	Model	Description	Serial #	Tag #	Service Tag	Type	Assigned To	Location	Status
Edit	HP	3055			ID-RG-000009		Printer			Good
Edit	Dell	Latitude E4300			ID-GMC-000005		Laptop			New
Edit	Dell				ID-AC-000007		Display			New
Edit	Apple	Macbook Pro	Part Number MGX42LL/				Laptop			New
Edit	Apple	Thunderbolt display	Part Number MC914LL/E				Display			New
Edit	Apple	Macbook Pro	Part Number MGX42LL/				Laptop			New
Edit	Apple	Thunderbolt Display	Part Number MC914LL/E				Display			New
Edit	Apple	Thunderbolt Display	Part Number MC914LL/E				Display			New
Edit	Lenovo	Yoga	Yoga		ID-AC-000029		Laptop			Good
Edit	Apple	Mac book air			ID-X-000030	none	Laptop			New
Edit	HP	Officejet Pro 8500			ID-X-000001		Printer	(for /		New

Edit	Canon	Pixma MG5220			ID-X-000004		Printer			Good
Edit	HP	FF825AV			ID-EC-000001		Computer			Good

## INVENTORY: DEVICES/ ASSETS

To add a new device under Inventory, select the +New Device Button in the top corner of the Device Management window. Make sure to fill out all forms to get the most of the Inventory feature.

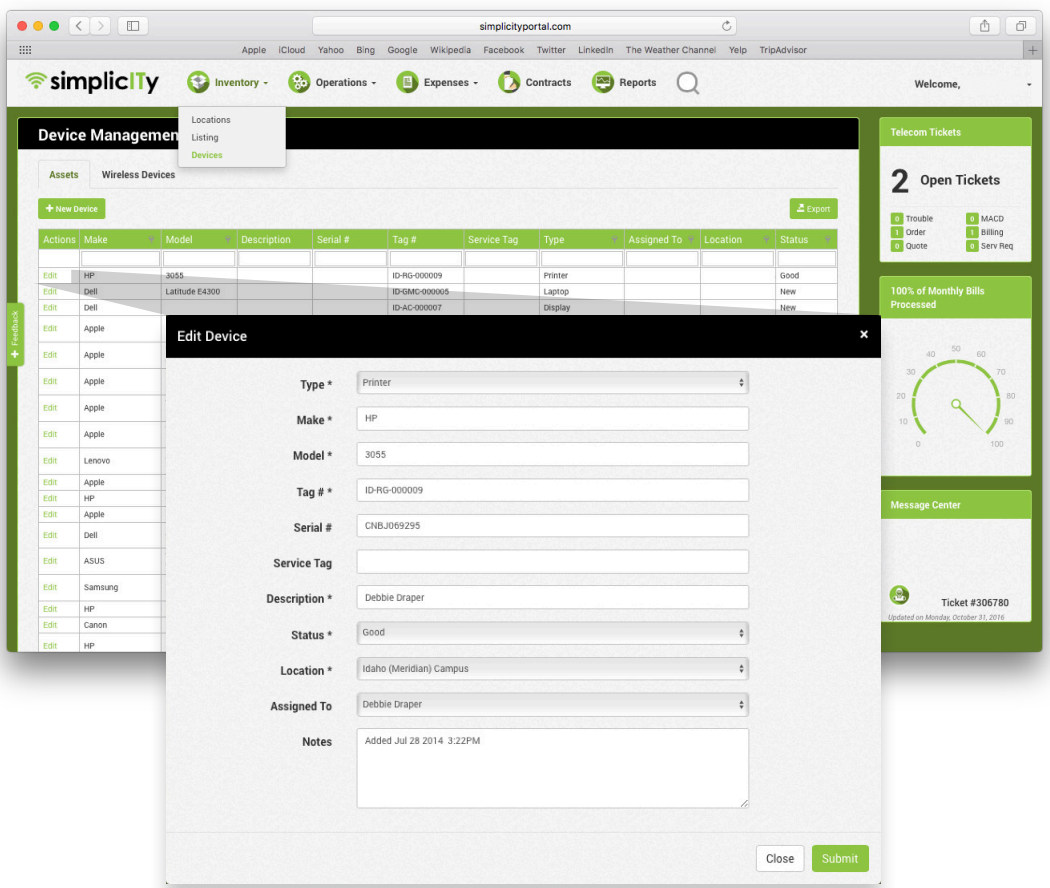

The screenshot shows the 'Device Management' section of the simplicityportal.com interface. The '+New Device' button is highlighted, and the 'Add Device' form is open. The form includes fields for Type, Make, Model, Tag #, Serial #, Service Tag, Description, Status, Location, Assigned To, and Notes. The 'Status' field is set to 'New'.

**Add Device Form Fields:**

- Type \* (Dropdown menu)
- Make \* (Text input)
- Model \* (Text input)
- Tag # \* (Text input)
- Serial # (Text input)
- Service Tag (Text input)
- Description \* (Text input)
- Status \* (Dropdown menu, set to 'New')
- Location \* (Dropdown menu)
- Assigned To (Text input, set to 'Unassigned')
- Notes (Text area)

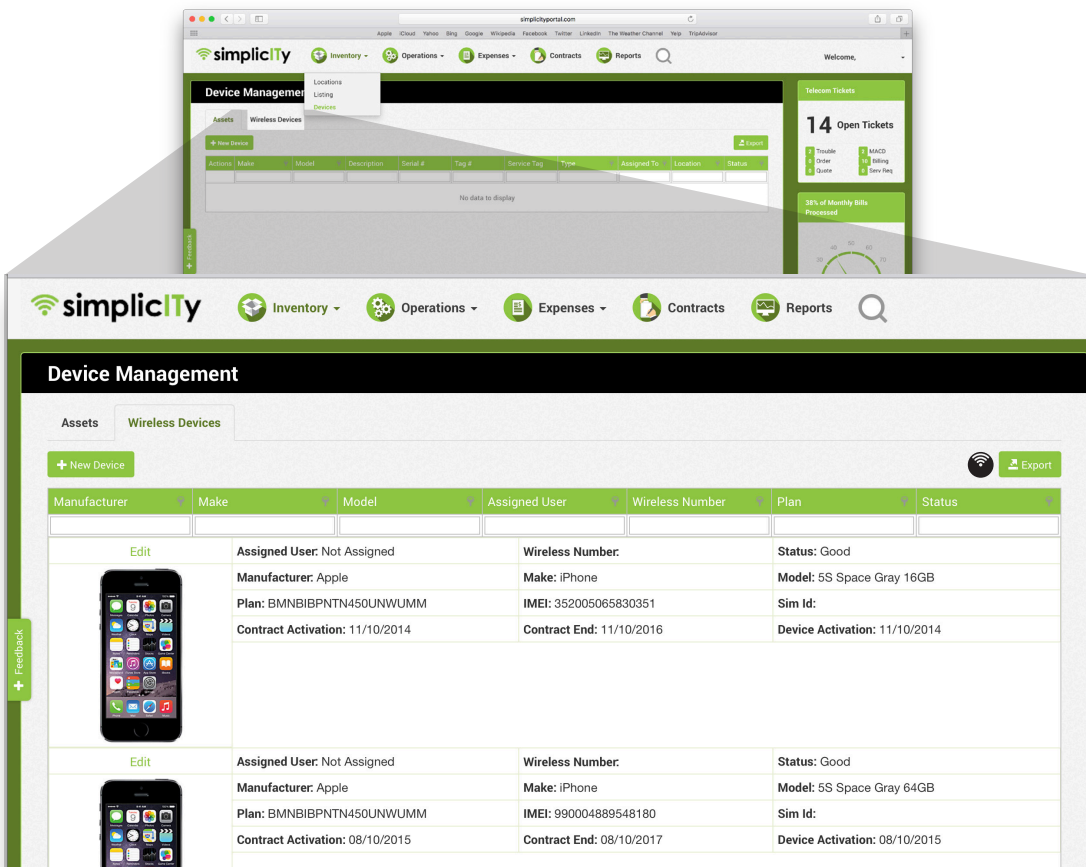

# INVENTORY: DEVICES/ ASSETS

This feature typically proves most useful when using the export function and looking at your devices overall.

# INVENTORY: DEVICES/ WIRELESS DEVICES

Access your wireless inventory at the Wireless Devices Tab. From here, you can search by Manufacturer, Make, Model, Assigned User, Wireless Number, Plan, and Status.

## INVENTORY: DEVICES/ WIRELESS DEVICES/EDIT

We know devices move and people move. Within this tab, you can make sure that all information regarding your device is up-to-date and accurate.

The screenshot displays the 'simplicityportal.com' web application. The main navigation bar includes links for Apple, iCloud, Yahoo, Bing, Google, Wikipedia, Facebook, Twitter, LinkedIn, The Weather Channel, Yelp, and TripAdvisor. The user is logged in as 'Welcome, [Name]'.

The 'Device Management' section is active, showing a table of devices. The table has columns for Actions, Make, Model, Description, Serial #, Tag #, Service Tag, Type, Assigned To, Location, and Status. A list of devices is shown, including HP, Dell, Apple, and Lenovo.

The 'Edit Device' modal is open, showing the 'Wireless Device Information' form. The form includes the following fields:

- Type: Wireless Phone
- Vendor: Verizon Wireless
- Phone: iPhone 5S Silver 16GB
- Plan: Unlimited Talk & Text 60GB
- IMEI: 357988056006419
- Sim Card Id: [Empty]
- Wireless Number: [Empty]
- Contract Start: 10/21/2013
- Contract End: 10/21/2015
- Tag #: [Empty]
- Serial #: [Empty]
- Service Tag: [Empty]
- Description: Apple iPhone 5S Silver 16GB
- Status: Good
- Location: [Empty]
- Assigned To: [Empty]
- Notes: [Empty text area]

The form has 'Close' and 'Submit' buttons at the bottom right.

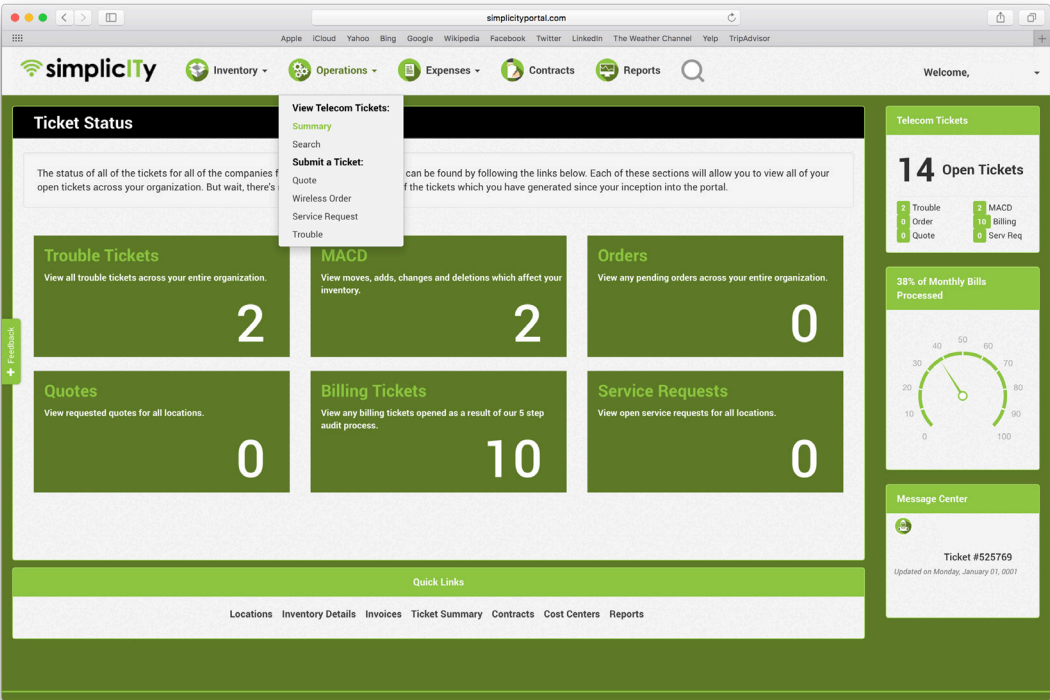

On the right side of the dashboard, there are two widgets:

- Telecom Tickets:** Shows 2 Open Tickets. A list of ticket types includes Trouble, Order, Quote, MACD, Billing, and Serv Req.
- 100% of Monthly Bills Processed:** A gauge chart showing 100% completion.

OPERATIONS: SUMMARY

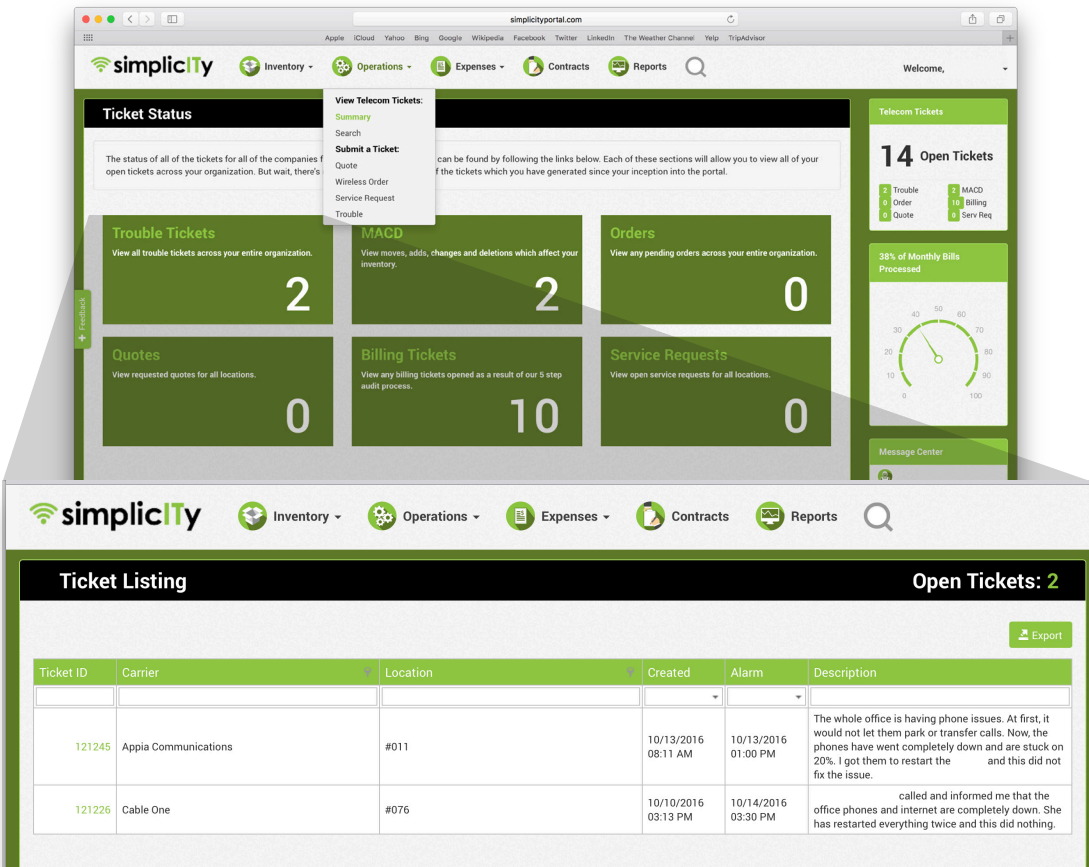

View Telecom Tickets by selecting Operations from the main menu and clicking Summary. Here you will see a high-level view of all telecom tickets: Trouble, MACD, Orders, Quotes, Billing, and Service Requests.

Dive deeper into tickets by clicking on the numbers.

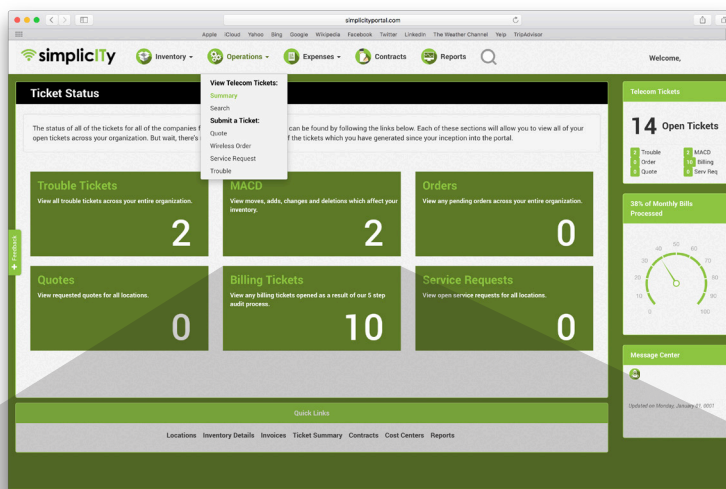

OPERATIONS: SUMMARY/  
TROUBLE TICKETS

Clicking on the number of a certain ticket opens a new window to see more details.

## OPERATIONS: SUMMARY/ BILLING TICKETS

Clicking on the number of a certain ticket opens a new window to see more details.

Ticket Listing						Open Tickets: 10
						Export
Ticket ID	Carrier	Location	Created	Alarm	Description	
525779	TBD	#030	10/11/2016 01:03 PM	10/11/2016 01:03 PM	Reference MACD 211854. This ticket is to monitor stop billing of the following lines with AT&T: on AT&T account . The lines should stop billing on 10/6/2016.

## OPERATIONS: SEARCH

Search by Ticket ID, Ticket Type, Status, Carrier, Location, Date Created, Alarm, and Description.

The screenshot displays the Simplicity Portal interface. The main section is titled 'Ticket Search' and contains a table with the following data:

Ticket ID	Ticket Type	Status	Carrier	Location	Created	Alarm	Description
121245	Trouble	Ticket opened with carrier/provider	Appia Communications	#011 Columbia	10/13/2016 08:11 AM	10/13/2016 01:00 PM	The whole office is having phone issues. At first, it would not let them park or transfer calls. Now, the phones have went completely down and are stuck on 20%. I got them to restart the and this did not fix the issue.
525779	Billing	Awaiting pickup	TBD	#030	10/11/2016 01:03 PM	10/11/2016 01:03 PM	Reference MACD 211854. This ticket is to monitor stop billing of the following lines with AT&T: on AT&T account
525772	Billing	Awaiting pickup	TBD	#023	10/11/2016 09:10 AM	11/11/2016 04:00 PM	Reference MACD 211853. This ticket is to monitor stop billing of on AT&T account. The line should stop billing on 10/6/2016.
525771	Billing	Awaiting pickup	TBD	#104	10/11/2016 09:06 AM	11/11/2016 04:00 PM	Reference MACD 211852. This ticket is to monitor stop billing of on AT&T account. The line should stop billing on 10/6/2016.
525770	Billing	Awaiting pickup	TBD	#130	10/11/2016 09:01 AM	11/11/2016 04:00 PM	Reference MACD 211851. This ticket is to monitor stop billing of and on AT&T account. The lines should stop billing on 10/6/2016.
525769	Billing	Awaiting pickup	TBD	#052	10/11/2016 08:48 AM	11/11/2016 04:00 PM	Reference MACD 211856. This ticket is to monitor stop billing of the following numbers: on AT&T account. The lines should stop billing on 10/6/2016.

The right sidebar includes a 'Telecom Tickets' section showing 14 Open Tickets, a gauge for '38% of Monthly Bills Processed', and a 'Message Center' for ticket #121245.

## EXPENSES: WIRELINE

Click on the Expenses tab in the main menu and select Wireline to view all wireline billing details. From here, you can easily export to an Excel document.

The screenshot shows the 'Wireline Billing Details' page in the Simplicity portal. The top navigation bar includes links for Inventory, Operations, Expenses, Contracts, and Reports. The main content area features a table with columns: Location, Carrier, Billing Number, Service Type, Service Number, Billing Period, and Amount. The table lists various carriers like Apple Communications and AT&T Legacy B, with billing numbers and amounts for October 2016. A sidebar on the right displays '21 Open Tickets' and a '64% of Monthly Bills Processed' gauge. A 'Message Center' is also visible.

## EXPENSES: WIRELESS

Click on the Expenses tab in the main menu and select Wireless to view all wireline billing details by month. From here, you can easily export to an Excel document.

The screenshot shows the 'Wireless Billing Details' page in the Simplicity portal. The top navigation bar includes links for Inventory, Operations, Expenses, Contracts, and Reports. The main content area features a table with columns: Account #, Invoice Date, Invoice Number, Assigned To, and Total Cost. The table lists various accounts and invoice numbers for September 2016, with total costs. A sidebar on the right displays '21 Open Tickets' and a '64% of Monthly Bills Processed' gauge. A 'Message Center' is also visible.

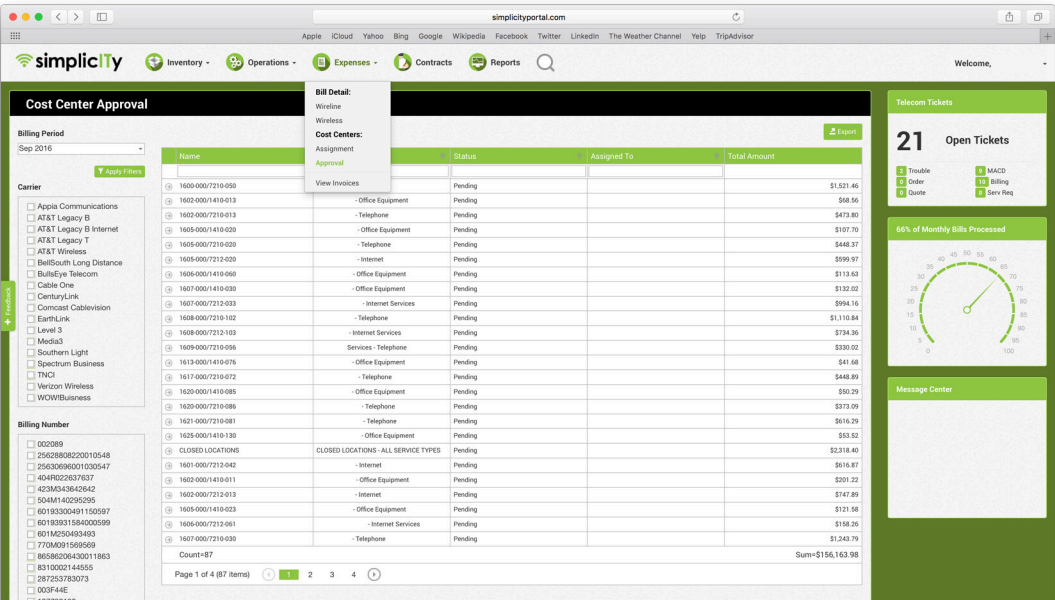

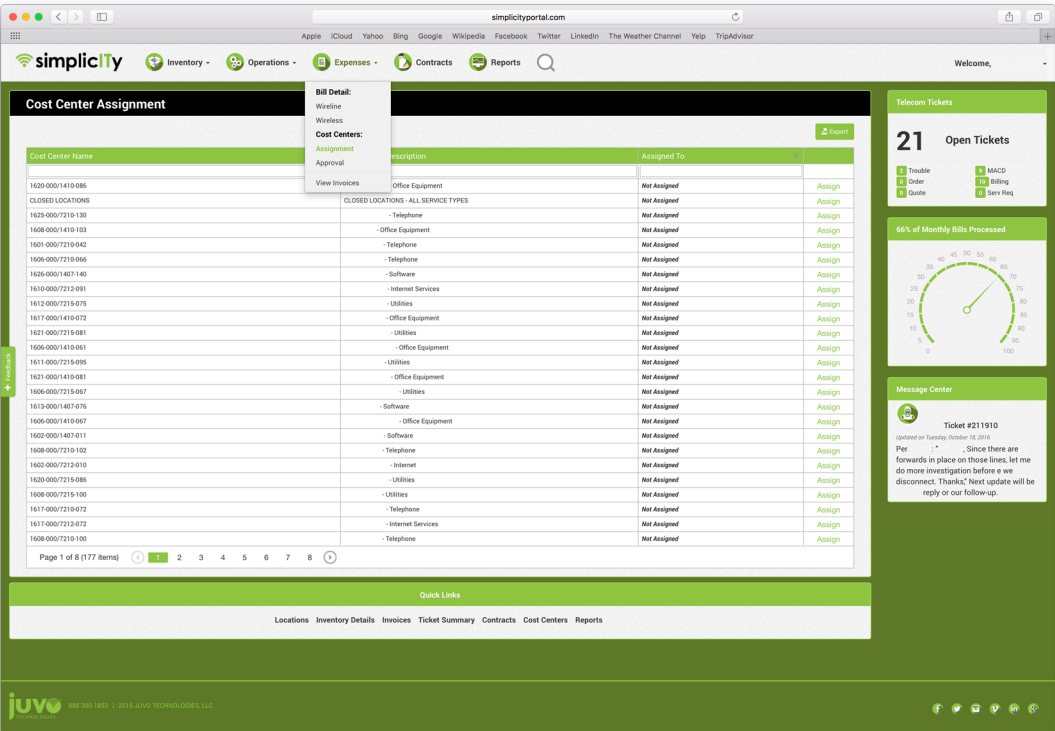

# EXPENSES: COST CENTERS/ASSIGNMENT AND APPROVAL

Cost Center Assignment goes hand-in-hand with Cost Center Approval. This optional feature allows you to pass responsibility of assigning and approving expenses to local branches or departments within your organization, organize finances, distribute accountability, and gain visibility into telecom expenses.

To assign, select individual in company to approve or decline. From here, if the assignment is declined, you add a note to Juvo of why the assignment was declined and Juvo will address any issues.

Who uses this feature?

While Juvo has clients across multiple industries, we find those in construction and other “project” centric industries really use this feature.

**MISSING CONTRACT**  
While most of us love a good Lionel Richie reference, we prefer an actual contract instead.

## EXPENSES: VIEW INVOICES

Each monthly invoice is housed in Expenses: View Invoices, and can easily be viewed by clicking on the PDF image to the left of the expense. This will download the invoice file to your local machine for viewing.

### BILLING PERIOD

You can select any month to view, and sort by Invoice Number, Carrier, and Regional Account or click on the funnel icon to filter your search.

The screenshot shows the 'Invoices' tab in the simpliCity portal. The main content area displays a table of invoices with columns: Invoice Number, Carrier, Regional Account, Service Account, and Bill Amount. A dropdown menu is open for 'View Invoices' showing options like Wireline, Wireless, and Cost Centers. The right sidebar displays '21 Open Tickets' and a '66% of Monthly Bills Processed' gauge.

## CONTRACTS

The contracts tab will show you an overview of the contract information per each specific carrier product. You can easily view items such as contract start and end dates, carrier name etc. from the main page. A downloadable link to the actual contract is found to the left of each carrier product.

The screenshot shows the 'Contracts' tab in the simpliCity portal. The main content area displays a table of contracts with columns: View, Contract Type, Description, Vendor, Location, Start Date, End Date, Counter Signature, Master?, Active?, and IMAC. The right sidebar displays '21 Open Tickets' and a '69% of Monthly Bills Processed' gauge.

Placeholder image for a contract document. It features a cartoon character with a mustache and a Santa hat, and text that reads: "Hello. Is it me you're looking for? You may be searching for a contract. Here are some reasons why there is not a signed, official looking contract for you to look at. ... So, what's next?"

REPORTS

The reports tab gives you the ability to run and view a host of important monthly reports surrounding both wireline and wireless inventories. The report type is listed under each inventory type and is available in either a summary or detailed view.

Reporting is divided into four main groups:

1. Complete Monthly Report

View high level infographics of telecom expenses

2. Standard Wireline Reports

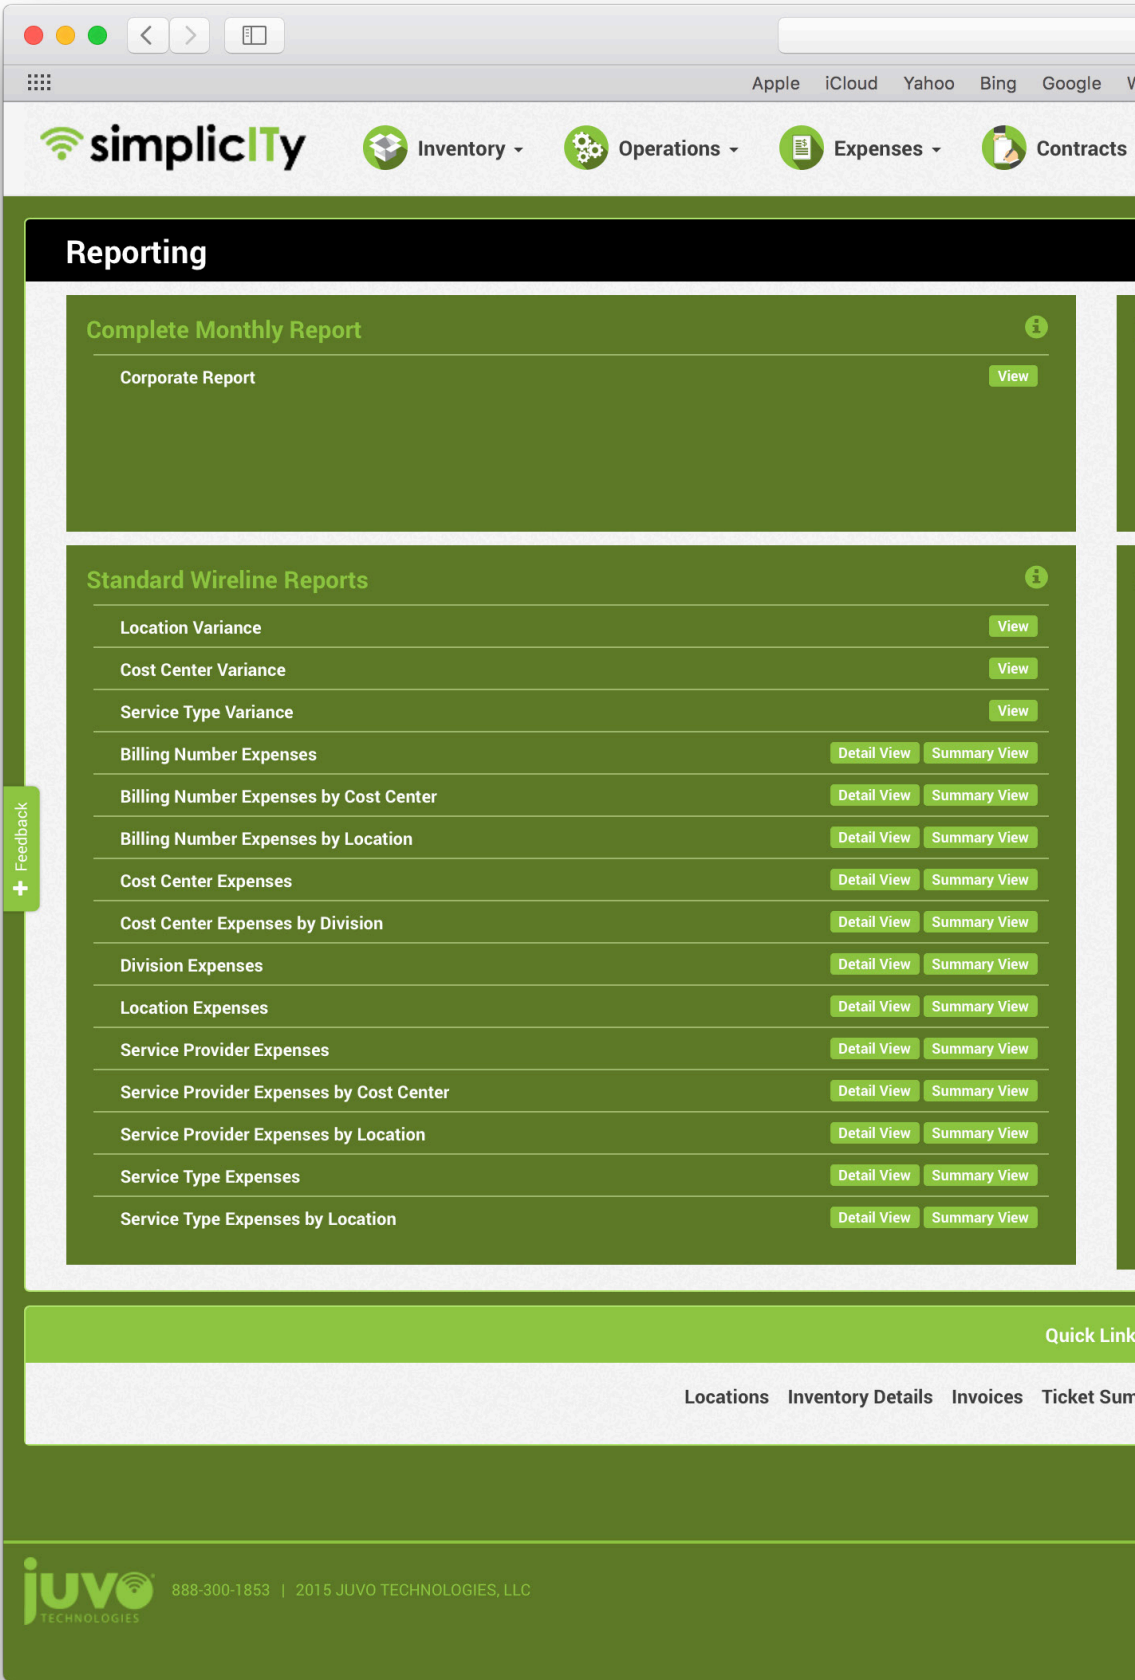

View reports based on your wireline spend

3. My Reports

Houses any customized reports built specifically for you

4. Standard Wireless Reports

View reports based on your wireless spend

## MOST LOVED: VARIANCE REPORTS

The variance reports are the most used, most valued, most loved reports that nearly all of our clients utilize because they allow users to get a quick look at what is different month to month. Variances are often a result of ticket activity and these reports include ticket ID's to quickly gain insight as to why these variances exist.

### 1. Location Variance

### 2. Cost Center Variance

### 3. Service Type Variance
